This index to PUBLIC HEALTH REPORTS is divided into a subject index and an author index. The subject index has one or more entries for each item published. In addition to the subject headings, categorical headings include ABSTRACTS, DATA LINE, EDITORIALS, LETTERS TO THE EDITOR, and PUBLICATION ANNOUNCEMENTS AND REVIEWS.

SUBJECT INDEX

ABORTION

estimating the probability of spontaneous abortion in the presence of induced abortion and vice versa. a 269
seasonal variation in adolescent conceptions, induced abortions, and late initiation of prenatal care. a 701
WHO issues new report on reproductive health. br 737

ABSTRACTS

alternative cooling system for cars that complies with new clean air laws. 230
anatomical simulator of the most common physical signs of child abuse. 218
a childhood injury prevention and education program using visual aids. 220
a clinic-based smoking cessation outreach program for Central Americans in downtown Los Angeles. 225
educating young children about the proper use of required medication. 227
the fall assessment screen will identify elders at risk of falling. 229
"get heart smart"—program for elementary schools. 228
health and safety promotion for farm families. 224
helping mothers prevent hot tap water burn injuries to children. 221
hospital pharmacy program to help the elderly manage their medications. 231
immunization clinics to reduce influenza and pneumonia among the elderly. 230
a long-term solution for the under-immunization of Chicago's inner-city preschool children. 223
oral snuff substitute tested in study of youths in southern Illinois. 226
the perinatal health corps. 219
"positive parenting" program counsels at-risk teens and those who are pregnant. 219
a program of parental and group mental health after care for adolescents. 217
reduction of date rape on a university campus. 226

ABUSE, PHYSICAL

anatomical simulator of the most common physical signs of child abuse. abs 218
the neglected health care needs of street youth. a 433

ABUSE, SUBSTANCE

ADAMHA reorganized—prevention, treatment functions to SAMHSA. br 736
addiction cited as latest steroid threat. br 125
bacterial infections and skin cleaning prior to injection among intravenous drug users. a 595
decrease in drug use by adults levels off, continues for students. br 361
estimating the prevalence of mental disorders in U.S. adults from the Epidemiologic Catchment Area Survey. a 663
50 centers to train volunteers in substance abuse prevention. br 237
men, women different in mental illness, substance abuse. br 126
needle sharing and participation in the Amsterdam Syringe Exchange Program among HIV-seronegative injecting drug users. a 675
the neglected health care needs of street youth. a 433
new concept in drug treatment to be funded by PHS agency. br 123
new "health link" substance abuse program targets women and teens before and after jail. br 363
new report calls for more education of physicians in substance abuse. Inside back cover, March–April issue
NIDA campaign spotlights drugs-alcohol-HIV link. br 742
WHO begins research on drugs and sports. br 606

ACCIDENT (UNINTENTIONAL INJURY) PREVENTION

a childhood injury prevention and education program using visual aids. abs 217
health and safety promotion for farm families. abs 224
helping mothers prevent hot tap water burn injuries to children. abs 217
NICHD funds new child safety alarm. br 237
setting the national agenda for injury control in the 1990s. e 129

ADOLESCENTS

drug use by adults levels off, continues for students. br 361

1992 SUBJECT AND AUTHOR INDEX

January–February, issue 1, pages 001–128
March–April, issue 2, pages 129–240
May–June, issue 3, pages 241–368
July–August, issue 4, pages 369–488
September–October, issue 5, pages 489–608
November–December, issue 6, pages 609–760

In addition to the subject headings, categorical headings include ABSTRACTS, DATA LINE, EDITORIALS, LETTERS TO THE EDITOR, and PUBLICATION ANNOUNCEMENTS AND REVIEWS.

SUBJECT INDEX

ABORTION

estimating the probability of spontaneous abortion in the presence of induced abortion and vice versa. a 269
seasonal variation in adolescent conceptions, induced abortions, and late initiation of prenatal care. a 701
WHO issues new report on reproductive health. br 737

ABSTRACTS

alternative cooling system for cars that complies with new clean air laws. 230
anatomical simulator of the most common physical signs of child abuse. 218
a childhood injury prevention and education program using visual aids. 220
a clinic-based smoking cessation outreach program for Central Americans in downtown Los Angeles. 225
educating young children about the proper use of required medication. 227
the fall assessment screen will identify elders at risk of falling. 229
"get heart smart"—program for elementary schools. 228
health and safety promotion for farm families. 224
helping mothers prevent hot tap water burn injuries to children. 221
hospital pharmacy program to help the elderly manage their medications. 231
immunization clinics to reduce influenza and pneumonia among the elderly. 230
a long-term solution for the under-immunization of Chicago's inner-city preschool children. 223
oral snuff substitute tested in study of youths in southern Illinois. 226
the perinatal health corps. 219
"positive parenting" program counsels at-risk teens and those who are pregnant. 219
a program of parental and group mental health after care for adolescents. 217
reduction of date rape on a university campus. 226

ABUSE, PHYSICAL

anatomical simulator of the most common physical signs of child abuse. abs 218
the neglected health care needs of street youth. a 433

ABUSE, SUBSTANCE

ADAMHA reorganized—prevention, treatment functions to SAMHSA. br 736
addiction cited as latest steroid threat. br 125
bacterial infections and skin cleaning prior to injection among intravenous drug users. a 595
decrease in drug use by adults levels off, continues for students. br 361
estimating the prevalence of mental disorders in U.S. adults from the Epidemiologic Catchment Area Survey. a 663
50 centers to train volunteers in substance abuse prevention. br 237
men, women different in mental illness, substance abuse. br 126
needle sharing and participation in the Amsterdam Syringe Exchange Program among HIV-seronegative injecting drug users. a 675
the neglected health care needs of street youth. a 433
new concept in drug treatment to be funded by PHS agency. br 123
new "health link" substance abuse program targets women and teens before and after jail. br 363
new report calls for more education of physicians in substance abuse. Inside back cover, March–April issue
NIDA campaign spotlights drugs-alcohol-HIV link. br 742
WHO begins research on drugs and sports. br 606

ACCIDENT (UNINTENTIONAL INJURY) PREVENTION

a childhood injury prevention and education program using visual aids. abs 217
health and safety promotion for farm families. abs 224
helping mothers prevent hot tap water burn injuries to children. abs 217
NICHD funds new child safety alarm. br 237
setting the national agenda for injury control in the 1990s. e 129

ADOLESCENTS

drug use by adults levels off, continues for students. br 361

impact of a local ordinance banning tobacco sales to minors. a 355
the neglected health care needs of street youth. a 433
new "health link" substance abuse program targets women and teens before and after jail. br 363
Nike-footed health workers deal with the problems of adolescent pregnancy. a 208
oral snuff substitute tested in study of youths in southern Illinois. abs 226
patterns of HIV risk and preventive behaviors among teenage men. a 131
a program of parental and group mental health after care for adolescents. abs 217
seasonal variation in adolescent conceptions, induced abortions, and late initiation of prenatal care. a 701

AGENCY FOR HEALTH CARE POLICY AND RESEARCH (AHCPR)

AHCPR panel to study post-stroke treatment. br 742
lower back pain, bed sores studied by AHCPR experts. br 606
most cases of urinary incontinence can be treated successfully, panel says. br 488

AIDS (*see also* HIV)

AIDS education for health care professionals in an organizational or systems context. a 668
Alaska natives and AIDS: protect your health, and the health of those you love. Inside back cover, May–June issue
bacterial infections and skin cleaning prior to injection among intravenous drug users. a 595
CDC extends AIDS hotline for another 5 years. br 364
CDC launches new phase of AIDS education program. br 487
first year of AIDS services delivery under Title I of the Ryan White CARE Act. a 491
HIV-infected men's practices in notifying past sexual partners of infection risk. a 100
inappropriate lubricant use with condoms by homosexual men. a 468
Johnson Foundation booklet describes AIDS projects in 11 communities. br 488
needle sharing and participation in the Amsterdam Syringe Exchange Program among HIV-seronegative injecting drug users. a 675
the neglected health care needs of street youth. a 433
patterns of HIV risk and preventive behaviors among teenage men. a 131
pilot study of AIDS risk in the general population. a 105
prevention efforts slow worldwide spread of HIV, WHO report says. br 602
sexual practices and AIDS knowledge among women partners of HIV-infected hemophiliacs. a 504
states, cities receive more than $155 million in AIDS–HIV funding. br 367
37 AIDS clinical trials units funded by NIAID. br 364
U.S. leads in funding AIDS provention projects in Third World countries. br 744

ARAB AMERICANS

cigarette smoking among Arab Americans in the Detroit metropolitan area. a 589

BED SORES

lower back pain, bed sores studied by AHCPR experts. br 606

BEHAVIOR

environment, behavior, and injuries. ltr 744
Sugarman et al., respond. ltr 745
using the behavioral risk factor surveillance system to monitor year 2000 objectives among American Indians. a 449

BIRTH DEFECTS

predicting needs for special education resources for mental retardation from birth defects records. a 290

BIRTH RECORDS

comparison of Native American births in upstate New York with other race births, 1980–86. a 569
predicting needs for special education resources for mental retardation from birth defects records. a 290
weighing costs and benefits of adequate prenatal care for 12,023 births in Missouri's Medicaid Program, 1988. a 647

BLACKS (*see also* MINORITIES)

blue Thursday? Homicide and suicide among urban 15–24-year old black male Americans. a 264
cancer screening intervention among black women in inner-city Atlanta—design of a study. a 381
hospital and community characteristics in closures of urban hospitals, 1980–87. a 409
NIAMS aims new lupus booklet at black women. br 238

BLOOD PRESSURE

epidemiology of resting pulse rate of persons ages 25–74 years: data from NHANES 1971–74. a 193
the FPbase microcomputer system for managing community health screening and intervention data bases. a 695
new directory offers one-stop shopping for NHLBI materials. br 744

CANCER

accessing NCI's SEER cancer data base with SeerQuery and CD-ROM. a 397
breast cancer beliefs of women participating in a television-promoted mammography screening project. a 682
cancer prevention counseling on telephone helplines. a 278
cancer screening intervention among black women in inner-city Atlanta—design of a study. a 381
CDC funds four more state cancer programs. br 365
detecting colorectal cancer with a large scale fecal occult blood testing program. a 331
developing cancer control capacity in state and local public health agencies. a 15
development and supermarket field testing of videotaped nutrition messages for cancer risk reduction. a 691
effects of migration on cancer incidence and resources for prevention and treatment in Florida. a 389
lung cancer death rate levels off for white men; rises for women, blacks. br 365

NCI develops new monographs on control of tobacco use. br 487
NCI offers fellowships in cancer prevention. br 487
NCI to fund stop smoking programs in 17 states. br 122

CARDIOVASCULAR DISEASE

AHCPR funds 5-year stroke study at Duke University. br 239
AHCPR panel to study post-stroke treatment. br 742
epidemiology of resting pulse rate of persons ages 25–74 years: data from NHANES 1971–74. a 193
the FPbase microcomputer system for managing community health screening and intervention data bases. a 695
"get heart smart" program for elementary schools. abs 228
new directory offers one-stop shopping for NHLBI materials. br
North Florida is part of the stroke belt. a 540
the role of data-driven planning and coalition development in preventing cardiovascular disease. a 32

CARS

alternative cooling system for cars that complies with new clean air laws. abs 230
use of seatbelts in cars with automatic belts. a 182

CENTERS FOR DISEASE CONTROL (CDC)

CDC extends AIDS hotline for another 5 years. br 364
CDC funds four more state cancer programs. br 365
CDC launches new phase of AIDS education program. br 487
CDC lowers danger level on lead poisoning. br 124
the multidrug-resistant tuberculosis challenge to public health efforts to control tuberculosis. a 616
strengthening the public health system. a 609
symposium set for 1993 on quantitative methods for use of multi-source data in public health. br 366

CHILDREN

anatomical simulator of the most common physical signs of child abuse. abs 218
CDC lowers danger level on lead poisoning. br 124
educating young children about the proper use of required medication. abs 227
financial and time costs to parents of severely disabled children. a 302
healthy children ready to learn: an essential collaboration between health and education. a 3
helping mothers prevent hot tap water burn injuries to children. abs 217
HRSA proposes changes in Vaccine Injury Compensation Program. br 741
increasing participation by private physicians in the EPSDT Program in rural North Carolina. a 561
a long-term solution for the under-immunization of Chicago's inner-city preschool children. abs 223
the neglected health care needs of street youth. a 433
NICHD funds new child safety alarm. br 237
the nutritional status and dietary adequacy of single homeless women and their children in shelters. a 312
predicting and reinforcing children's intentions to wear protective helmets while bicycling. a 283
the Public Health Service action plan to improve access to immunization services. a 243
a seasonal association between SIDS deaths and kindergarten absences. a 319
six areas lead national early immunization drive. a 252
use of restraint devices to prevent collision injuries and deaths among welfare-supported children. a 116
using after-shelter case management to improve outcomes for families with children. a 585

CHOLESTEROL

awareness and use of blood cholesterol tests in 40–74-year-olds by educational level. a 345
cholesterol treatment practices of primary care physicians. a 441
the FPbase microcomputer system for managing community health screening and intervention data bases. a 695
serum cholesterol concentrations among Navajo Indians. a 92

CHRONIC FATIGUE SYNDROME

estimating the prevalence of chronic fatigue syndrome and associated symptoms in the community. a 514

COMMUNICABLE DISEASES (*see* INFECTIOUS DISEASE and IMMUNIZATION)

COMMUNICATION

cancer prevention counseling on telephone helplines. a 278
CDC extends AIDS hotline for another 5 years. br 364
cross cultural communication to help physician assistants provide unbiased health care. a 113
improving health care communication for persons with mental retardation. a 297
public health service plans day-long program on health communication. br 239

COMMUNITY HEALTH

breast cancer beliefs of women participating in a television-promoted mammography screening project. a 682
effects of migration on cancer incidence and resources for prevention and treatment in Florida. a 389
enrolling community physicians and their patients in a study of prevention in the elderly. a 142
the FPbase microcomputer system for managing community health screening and intervention data bases. a 695
hospital and community characteristics in closures of urban hospitals, 1980–87. a 409
HRSA reorganizes component program bureaus for 'clarification.' br 737
participant evaluation and cost of a community-based health promotion program for elders. a 417
referrals of participants in an urban WIC Program to health and welfare services. a 173
the role of data-driven planning and coalition development in preventing cardiovascular disease. a 32
strengthening the public health system. a 609

COST OF ILLNESS

financial and time costs to parents of severely disabled children. a 302
HIV infection treatment costs under Medicaid in Michigan. a 461

U.S. dental bill not nearly as painful now, NIDR declares. br 740

DATA BASES AND DATA FILES

accessing NCI's SEER cancer data base with SeerQuery and CD-ROM. a 397
the FPbase microcomputer system for managing community health screening and intervention data bases. a 695
NLM director to head National Office of High Performance Computing. br 740
symposium set for 1993 on quantitative methods for use of multi-source days in public health. br 366

DATA LINE (National Center for Health Statistics)

119, 233, 359, 484, 599, 734

DEATH CERTIFICATES

use of death certificates for mesothelioma surveillance. a 481

DENTAL HEALTH

ethnicity, location, age, and fluoridation factors in baby bottle tooth decay and caries prevalence of Head Start children. a 167
U.S. dental bill not nearly as painful now, NIDR declares. br 740

DEPARTMENT OF HEALTH AND HUMAN SERVICES (HHS)

HHS adds $2 million to grant programs for minority males. br 607
HHS task force plans February conference on private health records. br 741
Secretary announces 1993 competition for students of the health professions. br 608

DISABILITIES

financial and time costs to parents of severely disabled children. a 302

DRUG ABUSE (*see* ABUSE, SUBSTANCE)

DRUGS

bacterial infections and skin cleaning prior to injection among intravenous drug users. a 595
decrease in drug use by adults levels off, continues for students. br 361
educating young children about the proper use of required medication. abs 227
geriatric education centers address medication issues affecting older adults. a 37
some current factors influencing the prescribing and use of psychiatric drugs. a 47
WHO begins research on drugs and sports. br 606

EDITORIALS

addressing the measles epidemic. 241
food irradiation—promising technology for public health. 489
panic disorder—a national problem, a Federal response. 1
setting the national agenda for injury control in the 1990s. 129

ELDERLY

enrolling community physicians and their patients in a study of prevention in the elderly. a 142
the fall assessment screen will identify elders at risk of falling. abs 229
geriatric education centers address medication issues affecting older adults. a 37
hospital pharmacy program to help the elderly manage their medications. abs 217
immunization clinics to reduce influenza and pneumonia among the elderly. abs 217
measuring the quality of life of the elderly in health promotion intervention clinical trials. a 530
NIA funds seven-year study on women's aging. br 124
NIA research on melatonin and the Circadian Clock aimed at improving sleep. br 740
participant evaluation and cost of a community-based health promotion program for elders. a 417
sampler of findings from the 1986 National Mortality Follow-back Survey on risk factors, disability, and health care. a 707
vitamin supplement use and its correlates among elderly Japanese men residing on Oahu, HI. a 712
a 'water walkers' exercise program for the elderly. a 213

ENVIRONMENT

alternative cooling system for cars that complies with new clean air laws. abs 230
environment, behavior, and injuries. ltr 744
Hopkins Environmental Health Studies Institute scheduled May 18–29. Inside back cover, March–April issue
Sugarman et al., respond. ltr 745

EPIDEMIOLOGY

descriptive epidemiology of unintentional residential fire injuries in King County, WA, 1984 and 1985. a 402
effects of migration on cancer incidence and resources for prevention and treatment in Florida. a 389
estimating the prevalence of mental disorders in U.S. adults from the Epidemiologic Catchment Area Survey. a 663
a million dollar measles outbreak: epidemiology, risk factors, and a selective revaccination strategy. a 24
NIAMS schedules workshop on epidemiology of skin diseases in March 1993. br 744
a seasonal association between SIDS deaths and kindergarten absences. a 319
survey of graduates of the Epidemic Intelligence Service as an approach to enhancing ethnic diversity among the nation's epidemiologists. a 718
world epidemiological meeting to be held in 1993 in Australia. br 367

EPSDT

increasing participation by private physicians in the EPSDT Program in rural North Carolina. a 561

ERRATA

AIDS clearinghouse number is 800–458–5231. 127

ETHNICITY (*see also* MINORITIES, BLACKS, and HISPANICS)

survey of graduates of the Epidemic Intelligence Service as an approach to enhancing ethnic diversity among the nation's epidemiologists. a 718

EVALUATION

applying total quality management concepts to public health organizations. a 257
an evaluation of the Vermont worksite smoking law. a 724
the FPbase microcomputer system for managing community health screening and intervention data bases. a 695

EXERCISE

a 'water walkers' exercise program for the elderly. a 213

EYE CARE

for many Americans, tests for two eye diseases inadequate, NEI warns. br 366
NEI launches national eye health education program. Inside back cover, July–August issue

FALLS

the fall assessment screen will identify elders at risk of falling. abs 229

FARMERS

health and safety promotion for farm families. abs 224
occupational hearing loss in farmers. a 188

FIRES

descriptive epidemiology of unintentional residential fire injuries in King County, WA, 1984 and 1985. a 402

FLUORIDE

ethnicity, location, age, and fluoridation factors in baby bottle tooth decay and caries prevalence of Head Start children. a 167

FOOD AND DRUG ADMINISTRATION (FDA)

FDA approves interferon treatment for Hepatitis B. br 739
FDA requires health care facilities to report death and injury from medical devices. br 238

FOODBORNE ILLNESS

food irradiation—promising technology for public health. e 489
an outbreak of *Bacillus cereus* food poisoning—are caterers supervised sufficiently? a 477

HEAD START

ethnicity, location, age, and fluoridation factors in baby bottle tooth decay and caries prevalence of Head Start children. a 167

HEALTH AGENCIES

ADAMHA reorganized—prevention, treatment functions to SAMHSA. br 736
applying total quality management concepts to public health organizations. a 257
developing cancer control capacity in state and local public health agencies. a 15
the FPbase microcomputer system for managing community health screening and intervention data bases. a 695
HRSA reorganizes component program bureaus for 'clarification.' br 737

HEALTH CARE

cross cultural communication to help physician assistants provide unbiased health care. a 113
cultural barriers to health care for Southeast Asian refugees. a 544
Czechoslovakia's changing health care system. a 636
HRSA reorganizes component program bureaus for 'clarification.' br 737
Johnson foundation seeks proposals for change in health care financing. br 604
the neglected health care needs of street youth. a 433
new report cites rural health problems, needs. br 486
President submits medical malpractice reform proposal. br 603
public housing residents get PHS health grants. br 238
12 states get $8 million for health care reforms. br 738

HEALTH CENTER

a clinic-based smoking cessation outreach program for Central Americans in downtown Los Angeles. abs 217
PHS funds four new health centers, 10 satellite clinics for underserved. br 239

HEALTH EDUCATION

AIDS education for health care professionals in an organizational or systems context. a 668
breast cancer beliefs of women participating in a television-promoted mammography screening project. a 682
CDC launches new phase of AIDS education program. br 487
group counseling at STD clinics to promote use of condoms. a 727
healthy children ready to learn: an essential collaboration between health and education. a 3
the multilingual videotape project: community involvement in a unique health education program. a 75
multistrategy health education program to increase mammography use among women ages 65 and older. a 369
NIDA campaign spotlights drugs-alcohol-HIV link. br 742
participant evaluation and cost of a community-based health promotion program for elders. a 417
public health week: marketing the concept of public health. a 110
a social marketing campaign to promote low-fat milk consumption in an inner-city Latino community. a 202

HEALTH POLICY

applying total quality management concepts to public health organizations. a 257

hospital and community characteristics in closures of urban hospitals, 1980–87. a 409
one state's response to the malpractice insurance crisis: North Carolina's rural obstetrical care incentive program. a 523
President submits medical malpractice reform proposal. br 603
the Public Health Service action plan to improve access to immunization services. a 243
strengthening the public health system. a 609

HEALTH PROMOTION AND DISEASE PREVENTION

effects of migration on cancer incidence and resources for prevention and treatment in Florida. a 389
enrolling community physicians and their patients in a study of prevention in the elderly. a 142
measuring the quality of life of the elderly in health promotion intervention clinical trials. a 530
participant evaluation and cost of a community-based health promotion program for elders. a 417
patterns of HIV risk and preventive behaviors among teenage men. a 131
PHS publishes Healthy People 2000 Action Series. Inside back cover, September–October issue
PHS to issue 'passports' in new prevention program. br 603
prevention efforts slow worldwide spread of HIV, WHO report says. br 602
the Public Health Service action plan to improve access to immunization services. a 243
the role of data-driven planning and coalition development in preventing cardiovascular disease. a 32

HEALTH RESOURCES AND SERVICES ADMINISTRATION (HRSA)

first year of AIDS services delivery under Title I of the Ryan White CARE Act. a 491
"healthy start" projects aimed at infant deaths in 15 communities. br 605
HRSA proposes changes in Vaccine Injury Compensation Program. br 741
HRSA reorganizes component program bureaus for 'clarification.' br 737

HEALTH SERVICES UTILIZATION

AHCPR tape profiles use of health services. br 240
area-level predictors of use of prenatal care in diverse populations. a 653
cultural barriers to health care for Southeast Asian refugees. a 544
HIV infection treatment costs under Medicaid in Michigan. a 461
hospital and community characteristics in closures of urban hospitals, 1980–87. a 409

HEARING

occupational hearing loss in farmers. a 188

HEMOPHILIA

sexual practices and AIDS knowledge among women partners of HIV-infected hemophiliacs. a 504

HISPANICS

a clinic-based smoking cessation outreach program for Central Americans in downtown Los Angeles. abs 217
family versus individually oriented intervention for weight loss in Mexican American women. a 549
feasibility of interactive videodisc technology to teach minority youth about preventing HIV infection. a 323
a social marketing campaign to promote low-fat milk consumption in an inner-city Latino community. a 202

HIV INFECTION (*see also* AIDS)

CDC launches new phase of AIDS education program. br 487
feasibility of interactive videodisc technology to teach minority youth about preventing HIV infection. a 323
15-month followup of women methadone patients taught skills to reduce heterosexual HIV transmission. a 500
first year of AIDS services delivery under Title I of the Ryan White CARE Act. a 491
HIV-infected men's practices in notifying past sexual partners of infection risk. a 100
HIV infection treatment costs under Medicaid in Michigan. a 461
inappropriate lubricant use with condoms by homosexual men. a 468
needle sharing and participation in the Amsterdam Syringe Exchange Program among HIV-seronegative injecting drug users. a 675
NIDA campaign spotlights drugs-alcohol-HIV link. br 742
the potential efficiency of routine HIV testing of hospital patients—data from a CDC sentinel hospital. a 138
prevention efforts slow worldwide spread of HIV, WHO report says. br 602
U.S. leads in funding AIDS prevention projects in Third World countries. br 744

HOMELESS

HRSA reorganizes component program bureaus for 'clarification.' br 737
a national agenda for helping homeless mentally ill people. a 352
the neglected health care needs of street youth. a 433
the nutritional status and dietary adequacy of single homeless women and their children in shelters. a 312
using after-shelter case management to improve outcomes for families with children. a 585

HOMICIDE

blue Thursday? Homicide and suicide among urban 15–24-year old black male Americans. a 264

HOMOSEXUALITY

inappropriate lubricant use with condoms by homosexual men. a 468

HOSPITALS

hospital and community characteristics in closures of urban hospitals, 1980–87. a 409

hospital pharmacy program to help the elderly manage their medications. abs 217
the potential efficiency of routine HIV testing of hospital patients—data from a CDC sentinel hospital. a 138

HOUSING

public housing residents get PHS health grants. br 238
using after-shelter case management to improve outcomes for families with children. a 585

HYPERTENSION

exploratory study of the relationship between hypertension and diet diversity among Saba Islanders. a 426

IMMUNIZATION

addressing the measles epidemic. e 241
FDA approves new whooping cough vaccine. br 365
the hepatitis B immunization campaign for children in the Federated States of Micronesia. a 556
HRSA proposes changes in Vaccine Injury Compensation Program. br 741
immunization clinics to reduce influenza and pneumonia among the elderly. abs 217
a long-term solution for the under-immunization of Chicago's inner-city preschool children. abs 223
the Public Health Service action plan to improve access to immunization services. a 243
six areas lead national early immunization drive. a 252

INDIAN HEALTH SERVICE (*see also* NATIVE AMERICANS)

environment, behavior, and injuries. ltr 744
serum cholesterol concentrations among Navajo Indians. a 92
Sugarman, et al., respond. ltr 745
using the behavioral risk factor surveillance system to monitor year 2000 objectives among American Indians. a 449

INFANTS

a comparison of low birth weight among Medicaid patients of public health departments and other providers of prenatal care in North Carolina and Kentucky. a 54
factors associated with rates of participation in WIC by eligible pregnant women. a 60
"healthy start" projects aimed at infant deaths in 15 communities. br 605
maternal pregravid weight, age, and smoking status as risk factors for low birth weight births. a 658
referrals of participants in an urban WIC Program to health and welfare services. a 173
a seasonal association between SIDS deaths and kindergarten absences. a 319

INFECTIOUS DISEASE

bacterial infections and skin cleaning prior to injection among intravenous drug users. a 595
the multidrug-resistant tuberculosis challenge to public health efforts to control tuberculosis. a 616
social and cultural factors in the successful control of tuberculosis. a 626
timeliness of notification in infectious disease cases. a 474

INJURY (*see also* VIOLENCE)

environment, behavior, and injuries. ltr 744
FDA requires health care facilities to report death and injury from medical devices. br 238
helping mothers prevent hot tap water burn injuries to children. abs 221
setting the national agenda for injury control in the 1990s. e 129
Sugarman, et al., respond. ltr 745
use of restraint devices to prevent collision injuries and deaths among welfare-supported children. a 116

INTERNATIONAL HEALTH

Czechoslovakia's changing health care system. a 636
needle sharing and participation in the Amsterdam Syringe Exchange Program among HIV-seronegative injecting drug users. a 675
prevention efforts slow worldwide spread of HIV, WHO report says. br 602
U.S. leads in funding AIDS prevention projects in Third World countries. br 744
WHO issues new report on reproductive health. br 737

LETTERS TO THE EDITOR

environment, behavior, and injuries. 744
Sugarman, et al., respond. 745

LIFE EXPECTANCY

life expectancy by employment status, income, and education in the national longitudinal mortality survey. a 457

LUPUS

NIAMS aims new lupus booklet at black women. br 238

LYME DISEASE

national survey of state epidemiologists to determine status of lyme disease surveillance. a 644

MALARIA

more research, new disease control needed for unprecedented growth in malaria cases. br 125

MALPRACTICE

one state's response to the malpractice insurance crisis: North Carolina's rural obstetrical care incentive program. a 523
President submits medical malpractice reform proposal. br 603

MAMMOGRAPHY

breast cancer beliefs of women participating in a television-promoted mammography screening project. a 682
multistrategy health education program to increase mammography use among women ages 65 and older. a 369

MARKETING

public health week: marketing the concept of public health. a 110
a social marketing campaign to promote low-fat milk consumption in an inner-city Latino community. a 202

MATERNAL AND INFANT HEALTH (*see also* INFANTS and PREGNANCY)

factors associated with rates of participation in WIC by eligible pregnant women. a 60
"healthy start" projects aimed at infant deaths in 15 communities. br 605
maternal pregravid weight, age, and smoking status as risk factors for low birth weight births. a 658
Medicaid coverage of prenatal care expanded in most states. br 361
mothers' motivations to participate in a pregnancy health survey. a 731
Nike-footed health workers deal with the problems of adolescent pregnancy. a 208
the nutritional status and dietary adequacy of single homeless women and their children in shelters. a 312
one state's response to the malpractice insurance crisis: North Carolina's rural obstetrical care incentive program. a 523
the perinatal health corps. abs 219
referrals of participants in an urban WIC Program to health and welfare services. a 173
a seasonal association between SIDS deaths and kindergarten absences. a 319

MEASLES

addressing the measles epidemic. e 241
a million dollar measles outbreak: epidemiology, risk factors, and a selective revaccination strategy. a 24
the Public Health Service action plan to improve access to immunization services. a 243
six areas lead early immunization drive. a 252

MEDICAID

a comparison of low birth weight among Medicaid patients of public health departments and other providers of prenatal care in North Carolina and Kentucky. a 54
HIV infection treatment costs under Medicaid in Michigan. a 461
increasing participation by private physicians in the EPSDT Program in North Carolina. a 561
Medicaid coverage of prenatal care expanded in most states. br 361
weighing costs and benefits of adequate prenatal care for 12,023 births in Missouri's Medicaid Program, 1988. a 647

MEDICALLY UNDERSERVED

cultural barriers to health care for Southeast Asian refugees. a 544
healthy children ready to learn: an essential collaboration between health and education. a 3
PHS funds four new health centers, 10 satellite clinics for underserved. br 239

MENTAL HEALTH

ADAMHA reorganized—prevention, treatment functions to SAMHSA. br 736
estimating the prevalence of chronic fatigue syndrome and associated symptoms in the community. a 514
estimating the prevalence of mental disorders in U.S. adults from the Epidemiologic Catchment Area Survey. a 663
improving health care communication for persons with mental retardation. a 297
link of violent crime to mental illness dispelled by researcher. br 126
men, women different in mental illness, substance abuse. br 126
a national agenda for helping homeless mentally ill people. a 352
NIH-NIMH panel agrees on panic disorder treatment. br 605
NIMH panic disorder campaign focuses on recognition, treatment. inside back cover, January–February issue
panic disorder—a national problem, a Federal response. e 1
predicting needs for special education resources for mental retardation from birth defects records. a 290
a program of parental and group mental health after care for adolescents. abs 217

MESOTHELIOMA

use of death certificates for mesothelioma surveillance. a 481

METHADONE

15-month followup of women methadone patients taught skills to reduce heterosexual HIV transmission. a 500

MIGRATION

effects of migration on cancer incidence and resources for prevention and treatment in Florida. a 389

MINORITIES

cross cultural communication to help physician assistants provide unbiased health care. a 113
cultural barriers to health care for Southeast Asian refugees. a 544
feasibility of interactive videodisc technology to teach minority youth about preventing HIV infection. a 323
HHS adds $2 million to grant programs for minority males. br 607
lung cancer death rate levels off for white men; rises for women, blacks. br 365
minority health grants go to projects in 14 states. br 240
NIAMS aims new lupus booklet at black women. br 238
NIH agencies award biomedical fellowships to minority students. br 367

MODEL STANDARDS PROGRAM

applying total quality management concepts to public health organizations. a 257

MORTALITY

deaths among members of the Public Health Service Commissioned Corps, 1965–1989. a 160

life expectancy by employment status, income, and education in the National Longitudinal Mortality Survey. a 457
sampler of findings from the 1986 National Mortality Followback Survey on risk factors, disability, and health care. a 707
surveillance of traumatic occupational fatalities in Alaska—implications for prevention. a 70
the uncounted dead—American civilians dying overseas. a 155

NATIONAL CANCER INSTITUTE

accessing NCI's SEER cancer data base with SeerQuery and CD-ROM. a 397
cancer prevention counseling on telephone helplines. a 278
detecting colorectal cancer with a large scale fecal occult blood testing program. a 331
NCI develops new monographs on control of tobacco use. br 487
NCI offers fellowships in cancer prevention. br 487

NATIONAL LIBRARY OF MEDICINE

NLM director to head National Office of High Performance Computing. br 740

NATIVE AMERICANS

Alaska natives and AIDS: protect your health, and the health of those you love. Inside back cover, May–June issue
comparison of Native American births in upstate New York with other race births, 1980–86. a 569
environment, behavior, and injuries. ltr 744
serum cholesterol concentrations among Navajo Indians. a 92
smoking during pregnancy among northwest Native Americans. a 66
Sugarman, et al., respond. ltr 745
urban Indians' smoking patterns and interest in quitting. a 340
using the behavioral risk factor surveillance system to monitor year 2000 objectives among American Indians. a 449

NURSES

attitudes of patients toward smoking by health professionals. a 335
North Carolina opens first center for nursing information, planning. br 739

NUTRITION

development and supermarket field testing of videotaped nutrition messages for cancer risk reduction. a 691
exploratory study of the relationship between hypertension and diet diversity among Saba Islanders. a 426
family versus individually oriented intervention for weight loss in Mexican American women. a 549
the nutritional status and dietary adequacy of single homeless women and their children in shelters. a 312
a social marketing campaign to promote low-fat milk consumption in an inner-city Latino community. a 202

OCCUPATIONAL SAFETY AND HEALTH

an evaluation of the Vermont worksite smoking law. a 724
health and safety promotion for farm families. abs 224
occupational hearing loss in farmers. a 188

OPTOMETRISTS, OPHTHALMOLOGISTS

for many Americans, tests for two eye diseases inadequate, NEI warns. br 366

PARENTS

financial and time costs to parents of severely disabled children. a 302

PHYSICIAN ASSISTANTS

cross cultural communication to help physician assistants provide unbiased health care. a 113

PHYSICIANS

attitudes of patients toward smoking by health professionals. a 335
cholesterol treatment practices of primary care physicians. a 441
Czechoslovakia's changing health care system. a 636
enrolling community physicians and their patients in a study of prevention in the elderly. a 142
increasing participation by private physicians in the EPSDT Program in rural North Carolina. a 561
new report calls for more education of physicians in substance abuse. Inside back cover, March–April issue
one state's response to the malpractice insurance crisis: North Carolina's rural obstetrical care incentive program. a 523
President submits medical malpractice reform proposal. br 603

PLANNING

area-level predictors of use of prenatal care in diverse populations. a 653
the role of data-driven planning and coalition development in preventing cardiovascular disease. a 32

POPULATION

population growth threatens natural resources renewal. br 608

PREGNANCY

area-level predictors of use of prenatal care in diverse populations. a 653
a comparison of low birth weight among Medicaid patients of public health departments and other providers of prenatal care in North Carolina and Kentucky. a 54
factors associated with rates of participation in WIC by eligible pregnant women. a 60
"healthy start" projects aimed at infant deaths in 15 communities. br 605
Medicaid coverage of prenatal care expanded in most states. br 361
mothers' motivations to participate in a pregnancy health survey. a 731
Nike-footed health workers deal with the problems of adolescent pregnancy. a 208
one state's response to the malpractice insurance crisis: North Carolina's rural obstetrical care incentive program. a 523
the perinatal health corps. abs 219
"positive parenting" program counsels at-risk teens and those who are pregnant. abs 219

referrals of participants in an urban WIC Program to health and welfare services. a 173
seasonal variation in adolescent conceptions, induced abortions, and late initiation of prenatal care. a 701
smoking during pregnancy among northwest Native Americans. a 66
weighing costs and benefits of adequate prenatal care for 12,023 births in Missouri's Medicaid Program, 1988. a 647
WHO issues new report on reproductive health. br 737

PRENATAL CARE (*see* PREGNANCY)

PRESCRIBING

geriatric education centers address medication issues affecting older adults. a 37
hospital pharmacy program to help the elderly manage their medications. abs 217
some current factors infuencing the prescribing and use of psychiatric drugs. a 47

PREVENTION

cancer prevention counseling on telephone helplines. a 278
a childhood injury prevention and education program using visual aids. abs 220
developing cancer control capacity in state and local public health agencies. a 15
effects of migration on cancer incidence and resources for prevention and treatment in Florida. a 389
enrolling community physicians and their patients in a study of prevention in the elderly. a 142
group counseling at STD clinics to promote use of condoms. a 727
the hepatitis B immunization campaign for children in the Federated States of Micronesia. a 556
inappropriate lubricant use with condoms by homosexual men. a 468
NCI offers fellowships in cancer prevention. br 487
patterns of HIV risk and preventive behaviors among teenage men. a 131
PHS to issue 'passports' in new prevention program. br 603
prevention efforts slow worldwide spread of HIV, WHO report says. br 602
the Public Health Service action plan to improve access to immunization services. a 243
the role of data-driven planning and coalition development in preventing cardiovascular disease. a 32
surveillance of traumatic occupational fatalities in Alaska—implications for prevention. a 70
use of restraint devices to prevent collision injuries and death among welfare-supported children. a 116

PUBLICATION ANNOUNCEMENTS AND REVIEWS

AIDS Health Services at the Crossroads: Lessons in Community Care. 488
The Fact Is...The Use of Steroids in Sports Can Be Dangerous. 125
Healthy People 2000 Action Series. Inside back cover September–October issue
Health, United States, 1991, and Prevention Profile. 599
Life in the Health Lane. 744
Medicaid Expansions for Prenatal Care: State and Local Implementation. 361
The Policy Report of the Physician Consortium on Substance Abuse Education. 241
Reproductive Health, A Key to a Brighter Future. 737
Strategies to Control Tobacco Use in the United States: A Blueprint for Public Health Action in the 1990s. 365
Treatment of Panic Disorder. 606
What Black Women Should Know About Lupus. 238

PUBLIC HEALTH PRACTICE

applying total quality management concepts to public health organizations. a 257
strengthening the public health system. a 609

PUBLIC HEALTH SERVICE (PHS)

ADAMHA reorganized—prevention, treatment functions to SAMHSA. br 736
deaths among members of the Public Health Service Commissioned Corps, 1965–89. a 160
"healthy start" projects aimed at infant deaths in 15 communities. br 605
HRSA reorganizes component program bureaus for 'clarification.' br 737
new concept in drug treatment to be funded by PHS agency. br 123
NLM director to head National Office of High Performance Computing. br 740
PHS funds four new health centers, 10 satellite clinics for underserved. br 239
PHS provides $20 million for rural health programs. br 121
PHS publishes Healthy People 2000 Action Series. Inside back cover, September–October issue
PHS reorganizes policing of research misconduct. br 607
PHS to issue 'passports' in new prevention program. br 603
public health service plans day-long program on health communications. br 239
public housing residents get PHS health grants. br 238
strengthening the public health system. a 609

RESEARCH

ADAMHA reorganized—prevention, treatment functions to SAMHSA. br 736
more research, new disease control needed for unprecedented growth in malaria cases. br 125
PHS reorganizes policing of research misconduct. br 607
NIA research on melatonin and the Circadian Clock aimed at improving sleep. br 740
NLM director to head National Office of High Performance Computing. br 740

REVIEWERS

to reviewers, a note of thanks. br 235

RISK ASSESSMENT

Carter Center introduces advanced health risk appraisal software. br 123

using the behavioral risk factor surveillance system to monitor year 2000 objectives among American Indians. a 449

RURAL HEALTH

health and safety promotion for farm families. abs 224
the hepatitis B immunization campaign for children in the Federated States of Micronesia. a 556
new report cites rural health problems, needs. br 486
occupational hearing loss in farmers. a 188
one state's response to the malpractice insurance crisis: North Carolina's rural obstetrical care incentive program. a 523
PHS provides $20 million for rural health programs. br 121
tuberculosis in a small semi-rural county. a 179

SCREENING

detecting colorectal cancer with a large scale fecal occult blood testing program. a 331
the FPbase microcomputer system for managing community health screening and intervention data bases. a 695

SEATBELTS

use of seatbelts in cars with automatic belts. a 182

SEXUAL BEHAVIOR

group counseling at STD clinics to promote use of condoms. a 727
reduction of date rape on a university campus. abs 226
seasonal variation in adolescent conceptions, induced abortions, and late initiation of prenatal care. a 701
sexual practices and AIDS knowledge among women partners of HIV-infected hemophiliacs. a 504

SKIN DISEASES

NIAMS schedules workshop in epidemiology of skin diseases in March 1993. br 744

SMOKING CESSATION

a clinic-based smoking cessation outreach program for Central Americans in downtown Los Angeles. abs 217
an evaluation of the Vermont worksite smoking law. a 724
impact of a local ordinance banning tobacco sales to minors. a 355
large-scale study of freedom from smoking clinics—factors in quitting. a 150
NCI to fund stop smoking programs in 17 states. br 122
simulating smokers' acceptance of modifications in a cessation program. a 81
urban Indians' smoking patterns and interest in quitting. a 340

SMOKING, SMOKELESS TOBACCO

attitudes of patients toward smoking by health professionals. a 335
cigarette smoking among Arab Americans in the Detroit metropolitan area. a 589
an evaluation of the Vermont worksite smoking law. a 724
large-scale study of freedom from smoking clinics—factors in quitting. a 150
maternal pregravid weight, age, and smoking status as risk factors for low birth weight births. a 658
NCI develops new monographs on control of tobacco use. br 487
oral snuff substitute tested in study of youths in southern Illinois. abs 226
smoking during pregnancy among northwest Native Americans. a 66
urban Indians' smoking patterns and interest in quitting. a 340
WHO publishes first worldwide study on women and tobacco. br 486

SPORTS INJURIES

predicting and reinforcing children's intentions to wear protective helmets while bicycling. a 283

STEROIDS

addiction cited as latest steroid threat. br 125
WHO begins research on drugs and sports. br 606

STROKE

AHCPR panel to study post-stroke treatment. br 742
new directory offers one-stop shopping for NHLBI materials. br 744
North Florida is part of the stroke belt. a 540

STUDENTS

decrease in drug use by adults levels off, continues for students. br 361
healthy children ready to learn: an essential collaboration between health and education. a 3
NIH agencies award biomedical fellowships to minority students. br 367
Secretary announces 1993 competition for students of the health professions. br 608

SUDDEN INFANT DEATH SYNDROME (SIDS)

a seasonal association between SIDS deaths and kindergarten absences. a 319

SUICIDE

blue Thursday? Homicide and suicide among urban 15–24-year old black male Americans. a 264

SURVEYS

estimating the prevalence of mental disorders in U.S. adults from the Epidemiologic Catchment Area Survey. a 663
exploratory study of the relationship between hypertension and diet diversity among Saba Islanders. a 426
factors influencing the effectiveness of mailed health surveys. a 576
life expectancy by employment status, income, and education in the national longitudinal mortality survey. a 457
mothers' motivations to participate in a pregnancy health survey. a 731
national survey of state epidemiologists to determine status of lyme disease surveillance. a 644

pilot study of AIDS risk in the general population. a 105
sampler of findings from the 1986 National Mortality Follow-back Survey on risk factors, disability, and health care. a 707
simulating smokers' acceptance of modifications in a cessation program. a 81

TECHNOLOGY

feasibility of interactive videodisc technology to teach minority youth about preventing HIV infection. a 323
food irradiation—promising technology for public health. e 489

TEENAGE, TEENS (*see also* ADOLESCENTS)

oral snuff substitute tested in study of youths in southern Illinois. abs 226
patterns of HIV risk and preventive behaviors among teenage men. a 131
"positive parenting" program counsels at-risk teens and those who are pregnant. abs 219
seasonal variation in adolescent conceptions, induced abortions, and late initiation of prenatal care. a 701

TRAVEL

the uncounted dead—American civilians dying overseas. a 155

TUBERCULOSIS

the multidrug-resistant tuberculosis challenge to public health efforts to control tuberculosis. a 616
social and cultural factors in the successful control of tuberculosis. a 626
tuberculosis in a small semi-rural county. a 179

URINARY INCONTINENCE

most cases of urinary incontinence can be treated successfully, panel says. br 488

VACCINE

FDA approves new whooping cough vaccine. br 365
the hepatitis B immunization campaign for children in the Federated States of Micronesia. a 556
HRSA proposes changes in Vaccine Injury Compensation Program. br 741
a million dollar measles outbreak: epidemiology, risk factors, and a selective revaccination strategy. a 24
the Public Health Service action plan to improve access to immunization services. a 243
six areas lead early immunization drive. a 252

VIDEOTAPE

development and supermarket field testing of videotaped nutrition messages for cancer risk reduction. a 691
feasibility of interactive videodisc technology to teach minority youth about preventing HIV infection. a 323

VIOLENCE

blue Thursday? Homicide and suicide among urban 15–24 year old black male Americans. a 264
link of violent crime to mental illness dispelled by researcher. br 126
reduction of date rape on a university campus. abs 226

VITAMINS

vitamin supplement use and its correlates among elderly Japanese men residing on Oahu, HI. a 712

WOMEN (*see also* MATERNAL AND INFANT HEALTH and PREGNANCY)

breast cancer beliefs of women participating in a television-promoted mammography screening project. a 682
15-month followup of women methadone patients taught skills to reduce heterosexual HIV transmission. a 500
lung cancer death rate levels off for white men; rises for women, blacks. br 365
men, women different in mental illness, substance abuse. br 126
mothers' motivations to participate in a pregnancy health survey. a 731
multistrategy health education program to increase mammography use among women ages 65 and older. a 369
new "health link" substance abuse program targets women and teens before and after jail. br 363
NIA funds seven-year study on women's aging. br 124
NIAMS aims new lupus booklet at black women. br 238
the nutritional status and dietary adequacy of single homeless women and their children in shelters. a 312
sexual practices and AIDS knowledge among women partners of HIV-infected hemophiliacs. a 504
WHO issues new report on reproductive health. br 737
WHO publishes first worldwide study on women and tobacco. br 486

WOMEN, INFANTS, AND CHILDREN (WIC) PROGRAM

factors associated with rates of participation in WIC by eligible pregnant women. a 60
referral of participants in an urban WIC Program to health and welfare services. a 173

YOUTH (*see* MINORITIES and TEENAGE, TEENS)
